ARCHITECTURE AND LANDSCAPE ARCHITECTURE

"Enhancing our youths’ competitive edge through merit badges"
Landscape Architecture Requirements

1. Go to a completed landscape project that a landscape architect has designed. Before you visit the site, obtain a plan of the design from the landscape architect if one is available.

2. After completing requirement 1, discuss the following with your merit badge counselor:
   a. Tell whether the design had separate spaces, a clear path system, and sun and shade variety.
   b. Discuss how the designated seating, eating, or parking areas suited the overall design.
   c. Explain how the design reflected consideration for the comfort, shelter, and security of the users.
   d. Discuss how the choice of trees, shrubs, and ground covers used in the project contributed to its appeal and function.

3. Identify five shrubs, five trees, and one ground cover, being sure that you select examples of different shapes, sizes, and textures. With the help of your counselor or a local nursery, choose plants that will grow in your area. Bring pictures of the different planting materials or, if possible, examples of their branches, leaves, or flowers to a group such as your troop or class at school. Be prepared to tell how you might use each in the design of a landscape.
4. Look at and study a place of worship or school grounds to find the place where most people arrive by bus or car. Show you can do the following:

a. Using a measuring tape, measure and draw the entry and its nearby area using a scale of $\frac{1}{8}$ inch equals 1 foot on an 11-by-17-inch piece of paper. Be sure to include the driveway and the wall and door where people enter the school or place of worship. Indicate any sidewalks, structures, trees, and plants within the study area. Make two copies of this plan to save the original, then do 4b and 4c using the copies.

b. On one copy, use directional arrows to indicate where the water drains across the site, where ditches occur, and where water stands for a longer period of time.

c. Decide how you can make the place safer and more comfortable for those using it. Redesign the area on another copy of the plan. You may want to include new walks, covered waiting areas, benches, space-defining plantings of trees and shrubs, and drainage structures.

5. Find out about three career opportunities in landscape architecture. Pick one and find out the education, training, and experience required for this profession. Discuss this with your counselor, and explain why this profession might interest you.
Landscape Architecture Resources

Scouting Literature

*Environmental Science, Forestry, Gardening, Plant Science, Soil and Water Conservation, and Sustainability* merit badge pamphlets

Visit the Boy Scouts of America’s official retail website (with your parent’s permission) at [http://www.scoutstuff.org](http://www.scoutstuff.org) for a complete listing of all merit badge pamphlets and other helpful Scouting materials and supplies.

Books

Magazines

*Garden Design*
Toll-free telephone: 855-624-5110
Website: http://www.gardendesign.com

*Landscape Architecture*
636 Eye St., NW

Organizations and Websites

**American Society of Landscape Architects (ASLA)**
636 Eye St., NW
Washington, DC 20001-3736
Telephone: 202-898-2444
Website: http://www.asla.org

The ASLA is a national organization of landscape architects. Its goal is to promote the profession, educational programs, and the careful planning of natural environments.

**Council of Educators in Landscape Architecture (CELA)**
Telephone: 817-272-2321
Website: http://www.thecela.org

An organization of educational programs in the United States and Canada, the CELA promotes quality and professionalism in landscape architecture education and publishes new research in the field.

**Council of Landscape Architectural Registration Boards (CLARB)**
Telephone: 571-432-0332
Website: http://www.clarb.org

CLARB prepares and scores the exams for students and professionals seeking licensure in landscape architecture. The organization provides services to landscape architects and students to help them obtain certification.

**Landscape Architecture Foundation (LAF)**
Telephone: 202-331-7070
Website: http://www.lafoundation.org

The foundation offers scholarships and internships to students who wish to study landscape architecture.

Acknowledgments

For this new edition of the *Landscape Architecture* merit badge pamphlet, the Boy Scouts of America is grateful to Associate Professor Judy Brittenum, FASLA, Department of Landscape Architecture, University of Arkansas–Fayetteville; Caye Cook, ASLA; Ron Leighton, ASLA; Pat O’Leary, ASLA; Steven Saling, ASLA; Rex Schuder, ASLA; Toby Sneed, ASLA; and Lori Woodham for sharing their time and expertise, and for lending their assistance in many different capacities.
