

Camp Security Checklists # 1 and # 2

The **Camp Security Checklist # 1** on pages 1 through 6 is longer at 6 pages and contains survey questions and an explanation of each question. **Please read Checklist #1** before beginning your camp survey to learn about why each question is asked and how it relates to keeping a camp safe from crime.

This **Camp Security Checklist # 2** on pages 7 through 9 is shorter at 3 pages and contains the same survey questions as Checklist # 1 but without explanations. **Please print Checklist # 2** to use during your walk-around survey and to report the results of your inspection to your counselor.

Camp Security Checklist # 1 Survey Questions with Explanations			
Scout first name and last name (printed):			
Scout signature: _____ Date of Inspection: _____			
Use this checklist, or another approved by your counselor, to check that a camp is safe and secure from crime. If the answer to a question is "Yes" for the camp or park, check "Yes". Questions answered "Yes" show a safe condition. If the answer to a question is "No" for your camp or park, check "No". Questions answered "No" show opportunities for changes for better safety and security from burglaries or other crimes.			
ENTRANCES, EXITS, AND BOUNDARIES	Yes	No	NA
1. Are camp or park entrances clearly identified from the outside? Clear entrances and exits create a distinction between public and private space. A clear camp gateway shows that only Scout groups should enter a Scout camp.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Are camp or park boundaries clearly marked? Clear boundaries make intruders feel less comfortable trespassing.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Are camp or park exits clearly shown from within the camp/park? Clear entrances and exits create a distinction between public and private space. A clear camp gateway indicates that only Scout groups should enter a Scout camp.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Is it clear how participants and visitors should check in at the facility? A receptionist or check-in station helps keep individuals who should not be at camp from entering the property or feeling comfortable entering the property.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Can approved participants and visitors be clearly identified?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Camps may use a wristband or other ID system to show who should be in the facility. Outsiders stand out without the wristband, shirt, lanyard, or other identifier. This precaution is unlikely to be used at a public park or playground.			
6. Is the address and camp or park name visible from the street during day and night? A visible address from the street is helpful for emergency personnel to quickly find locations in the case of an emergency.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7. Is the layout of the camp or park easy to understand? An organized layout of camp property helps to direct people to the areas where they should be and away from those they are not allowed. This keeps potential criminals from feeling comfortable wandering into restricted areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
SIGNAGE	Yes	No	NA
8. Can a visitor clearly understand from signage where they should go (and where they should not go)? Clear signage helps to direct people to the areas where they should be and away from those they aren't allowed. This keeps potential criminals from feeling comfortable wandering into restricted areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. Does the camp or park have signs that list rules? Posting rules leads more people to follow them.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10. Is there a rule sign at every entrance and at easily identifiable locations? Rules should be posted at every entrance so that everyone entering the property has seen them. It is best to also place them in key areas where people gather. Potential criminals are less likely to trespass or violate rules if they cannot claim they were not aware of the policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11. Does that list of rules stress the buddy system? The buddy system is one of our best mechanisms for keeping people safe. It is always helpful to remind people to follow that guideline.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12. Does that list of rules indicate restrictions for personal firearms on the property? Personal firearms, excluding active law enforcement, are prohibited on Scout property. A reminder sign for all camp visitors about this national Scouting policy is useful. Firearms must be under the care and supervision of the range and target sports staff. Public parks should have signage indicating their policies related to firearms.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
13. Are there signs stating that the facility is monitored? Signs that indicate a camp is routinely patrolled or monitored by cameras deters potential break-ins and trespassing for hunting.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
14. Are there signs near entrances explaining where to seek emergency help? These signs help someone reach help quickly.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
SECURITY PATROLS	Yes	No	NA
15. Is the area regularly patrolled by police or someone responsible for security? A routine patrol, whether it's by law enforcement, private security, or an employee keeps areas safer. On Scout properties, a Camp Ranger will check on the security of buildings and grounds.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
ACCESS TO RESTROOMS FROM OUTDOOR ACTIVITY AREAS	Yes	No	NA
16. Are restrooms and other community facilities or amenities located near activity areas? Restrooms should be visible from outdoor activity areas and routes to restrooms should not pass any location where someone could hide.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

17. Are the entrances to restrooms and other community facilities located within a clear line of sight of activity areas? Restrooms should be visible from outdoor activity areas and routes to restrooms should not pass any location where someone could hide.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
MAINTENANCE OF GROUNDS	Yes	No	NA
18. Is the grass mowed? Mowed grass shows that someone is monitoring and actively caring for the area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
19. Is the landscaping in good shape and weeds removed where appropriate? Well-maintained grounds send a message that someone is regularly nearby and that the property is routinely monitored.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
20. Has all graffiti been removed and similar damage corrected? Leaving graffiti or vandalism invites more crime or damage to the facility.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
21. Has all litter been removed? Litter is a sign of disorder and may indicate that no one is monitoring the facility closely.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
22. Is there any sign of alcohol, tobacco, or drug paraphernalia? Discarded alcohol bottles, drug equipment, and even cigarette butts suggest that substance use is permissible on the property. Since drugs are associated with other forms of crime, it is best for a camp to discourage use of all substances in its signage, policies, and remove evidence of use from its physical grounds. National Scouting policies prohibit smoking, vaping, alcohol, and use of controlled substances including marijuana at Scouting activities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
ACTIVITY SUPPORT	Yes	No	NA
23. Is there enough activity in the area during both day and evening for safety? Activities provide for passive surveillance of the area. People feel safe because there are other people around enjoying the facility	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
24. Is it easy to predict when people will be around? Knowing when an area will be used helps participants feel they are supported by others and avoid being isolated in a location.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
25. Do campers or park visitors keep up with local crime in the area? It is always important to know what is happening in your community.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
EXTERIOR OF BUILDINGS (REPEAT FOR EACH BUILDING)	Yes	No	NA
26. Are buildings clearly labeled with signs, such as “Dining Hall” or “Trading Post”? A visible title is helpful for campers, camp staff, and emergency personnel to quickly find locations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
27. Are there motion sensor lights on the exteriors of buildings? Motion sensor lights often deter criminals from approaching buildings at night.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
28. Is there video surveillance around the exteriors of buildings? Even if video surveillance does not prevent burglary, video surveillance can be used to help identify the people involved.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
29. Are all lights in working order? All lights should be functional.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
30. Is there any entrance not adequately lit? Every entry/exit point should be lit during evening hours when the facility is open.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
31. Are there signs indicating how to make maintenance requests?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

These signs help problems get fixed quickly and show potential criminals someone is keeping the area safe.			
32. Are there signs to show you where to seek emergency assistance? These signs help someone reach help quickly.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
33. Are the doorways, windows, and porches clear of trees and shrubs? It is important that shrubs and trees do not block your view of the grounds and roads. Shrubs and trees also provide hiding places for burglars. Burglars are less likely to look into windows of camp buildings when they cannot hide behind shrubs near the windows.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
34. Are at least 90% of the windows uncovered by signs and advertisements? Businesses and camps often like to put signs, advertisements, or art in their windows, but it's important not to obstruct the view to the exterior. It is recommended that signs take up no more than 10% of window space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
35. Are shrubs near the building trimmed to less than three feet tall? It is important for shrubs to be regularly trimmed to avoid creating hiding spaces.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
36. Are all tree branches trimmed to hang more than six feet above the ground? By cutting all tree limbs off that are below 6 feet, open sightlines are created to eliminate hiding spots.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
37. Is the maintenance and cleanliness of each building's exterior appropriate? Ask the same questions you did for the grounds generally for each building: Is the grass around it mowed and the landscaping in good shape? Have weeds been removed? Has graffiti been removed? Has litter been picked up? Have all signs of substance use been removed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
EXTERIOR OF BUILDINGS (CONTINUED)	Yes	No	NA
38. Is the parking lot visible from the inside of buildings? A person leaving a location should be able to locate their car before exiting the building. This is particularly important at night so that they can see they have an unobstructed path to their car.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
39. Are parking areas and walkways to buildings well lit? Parking areas and exterior walkways should be lit at night enough so that you can identify a person from at least 25 feet away.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
40. Are the fuse boxes locked? If an external fuse box is unlocked, burglars can turn off electricity which will turn off security cameras, lights, and burglar alarms.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
41. Are property spaces around each building clearly defined by landscaping, short walls, fences or other means? Defining spaces naturally helps to discourage trespassing and create a sense of ownership among people that should be there.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
42. Are portions of the property secured with fences and locked gates? Fences and gates help deter unauthorized access to areas that should be restricted.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
43. Is all valuable property, such as tools, maintenance equipment, and recreation supplies, near each building put away and secured when not in use rather than left outside and unsecured? Camp and park property may be stolen if left unattended at night. Equipment from canoe paddles to sports equipment should be properly stored when it is not used to avoid enticing potential thieves. This also prevents unauthorized use of boats and other gear that carry safety risks when there is no qualified supervision.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
BUILDING DOORS (REPEAT FOR EACH BUILDING)	Yes	No	NA

44. Are doors of solid-core construction? A hollow-core door is fragile and only takes a few blows with a hammer to break through to reach the lock. Exterior doors should be solid and hard to break.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
45. Do entry doors have wide-angle viewers or peepholes? A wide-angle viewer or peephole lets someone look outside before exiting the building.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
46. Do all exterior doors have deadbolt locks? A deadbolt lock with a beveled cylinder guard prevents removal with pliers or a pipe wrench. The deadbolt should be used in addition to the handle lock. A single cylinder deadbolt with a twist knob on the interior side is recommended as this allows for easy exit without a key in case of a fire; this type may be required in your area (as opposed to a double cylinder deadbolt).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
47. Are exterior door deadbolt screws at least 3 inches long? Deadbolt screws that are at least 3 inches long are much stronger and make it very difficult for someone to break the lock and the door.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
48. Can all doors be securely locked? All exterior doors, porch doors, sliding doors, and balcony doors must be securely locked. For sliding doors, a wooden rod can be placed in the floor track to prevent the door from opening even when the lock is broken.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
49. Are all exterior doors, door handles, and deadbolts in good condition? Old and broken doors, door handles, and deadbolts should always be replaced immediately.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
50. Do all out-swinging doors have hinges with non-removable pins? If out-swinging doors have removable pins, burglars can easily break down the door.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
51. Are all keys accounted for? It is important to know only a select number of people have access to buildings when they are locked. A key log should be used. Employees should be given keys that say: "do not duplicate."	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
52. Are ladders secured and access to the roof locked/blocked? Some facilities may have rooftop access. It is important to lock stairways to roofs and lock ladders.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
53. Does the facility use materials resistant to vandalism? Some construction materials are hard to paint or carve and make it hard to commit vandalism.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
BUILDING INTERIOR (REPEAT FOR EACH BUILDING)	Yes	No	NA
54. Are there alarms? Alarms often scare off intruders and automatically call 911 for a faster emergency response.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
55. Are all windows and skylights secured? Any window or skylight that can be opened should be locked from the inside.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
56. Do all rooms and bathrooms have locks on doors? When there is a break-in in progress, having locked bedroom and bathroom doors allow people to retreat to safer spaces.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
57. Is there video surveillance in shared areas? While surveillance cameras are desirable in some locations and should never be placed in bathrooms or changing areas, they are a great way to document crimes, including theft, assault, and vandalism, and wildlife, weather, and fire misadventures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
58. Are all furniture and other things inside the building less than 5 feet tall?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

To keep all sightlines open, internal features of a building should remain less than five feet tall. Fixtures such as aisle shelves in a camp trading post should be short enough that most adults can see over them and across the room.			
59. Are exits (or exit signage) clearly visible throughout the building? In case of an emergency or crime, people should be able to locate an exit without delay.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
60. Are some lights left on at night? Lights left on at night allow passersby to see that no one is in the building. If someone is in the building, then they can alert security or police if someone may be trespassing.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
FIREARMS AND DANGEROUS EQUIPMENT	Yes	No	NA
61. Are all dangerous equipment and potential weapons securely locked away? Any items that might be used as a weapon, from baseball bats to canoe paddles, should be securely stored when not in use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
62. Are slingshots, archery equipment, and tomahawks securely locked away? We should be careful with all shooting and throwing sports equipment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
63. Are firearms stored unloaded in a locked container with trigger locks in place on each firearm? Firearms should be locked in a gun safe or a dedicated, locked cabinet and secured with trigger locks for added safety. These precautions reduce theft and shooting accidents.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
64. Is ammunition stored separately from firearms? Storing and locking up ammunition separately from firearms makes it harder for an intruder to use firearms. It is also good safety practice to prevent shooting accidents.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
65. Is everyone taught to treat every gun as though it were loaded? Firearms should be treated at all times as if they are loaded.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Camp Security Checklist # 2

The **Camp Security Checklist # 1** on pages 1 through 6 is longer at 6 pages and contains survey questions and an explanation of each question. **Please read Checklist #1** before beginning your camp survey to learn about why each question is asked and how it relates to keeping a camp safe from crime.

This **Camp Security Checklist # 2** on pages 7 through 9 is shorter at 3 pages and contains the same survey questions as Checklist # 1 but without explanations. **Please print Checklist # 2** to use during your walk-around survey and to report the results of your inspection to your counselor.

Camp Security Checklist #2 Survey Questions Without Explanations			
Scout first name and last name (printed):			
Scout signature: _____ Date of Inspection: _____			
Use this checklist, or another approved by your counselor, to check that a camp or park is safe and secure from crime. If the answer to a question is "Yes" for the camp or park, check "Yes". Questions answered "Yes" show a safe condition. If the answer to a question is "No" for your camp or park, check "No". Questions answered "No" show opportunities for changes for better safety and security from burglaries or other crimes.			
ENTRANCES, EXITS, AND BOUNDARIES	Yes	No	N/A
1. Are camp or park entrances clearly identified from the outside?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Are camp or park boundaries clearly marked?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Are camp or park exits clearly identified from within the camp or park?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Is it clear how participants and visitors should check in at the facility?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Can approved participants and visitors be clearly identified?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6. Is the address and camp or park name visible from the street during day and night?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7. Is the layout of the camp or park easy to understand?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
SIGNAGE	Yes	No	N/A
8. Can a visitor clearly understand from signage where they should go (and where they should not go)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. Does the camp or park have signs that list rules?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

10. Is there a rule sign at every entrance and at easily identifiable locations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11. Does that list of rules stress the buddy system?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12. Does that list of rules indicate restrictions for personal firearms on the property?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
13. Are there signs saying that the facility is monitored?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
14. Are there signs near entrances explaining where to seek emergency help?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
SECURITY PATROLS	Yes	No	N/A
15. Is the area regularly patrolled by police or someone responsible for security?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
ACCESS TO RESTROOMS FROM OUTDOOR ACTIVITY AREAS	Yes	No	N/A
16. Are restrooms and other community facilities or amenities located near activity areas?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
17. Are the entrances to restrooms and other community facilities located within a clear line of sight of activity areas?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
MAINTENANCE OF GROUNDS	Yes	No	N/A
18. Is the grass mowed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
19. Is the landscaping in good shape and weeds removed where appropriate?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
20. Has all graffiti been removed and similar damage corrected?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
21. Has all litter been removed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
22. Is there any sign of alcohol, tobacco, or drug paraphernalia?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
ACTIVITY SUPPORT	Yes	No	N/A
23. Is there enough activity in the area during both day and evening for safety?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
24. Is it easy to predict when people will be around?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
25. Do campers or park visitors keep up with local crime in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
EXTERIOR OF BUILDINGS (REPEAT FOR EACH BUILDING)	Yes	No	N/A
26. Are buildings clearly labeled with signs, such as "Dining Hall" or "Trading Post"?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
27. Are there motion sensor lights on the exteriors of buildings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
28. Is there video surveillance around the exteriors of buildings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
29. Are all lights in working order?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
30. Is there any entrance not adequately lit?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
31. Are there signs indicating how to make maintenance requests?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
32. Are there signs to show you where to seek emergency assistance?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
33. Are the doorways, windows, and porches clear of trees and shrubs?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
34. Are at least 90% of the windows uncovered by signs and advertisements?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
35. Are shrubs near the building trimmed to less than three feet tall?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
36. Are all tree branches trimmed to hang more than six feet above the ground?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
37. Is the maintenance and cleanliness of each building's exterior appropriate?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

EXTERIOR OF BUILDINGS (CONTINUED)	Yes	No	N/A
38. Is the parking lot visible from the inside of buildings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
39. Are parking areas and walkways to buildings well lit?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
40. Are the fuse boxes locked?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
41. Are property spaces around each building clearly defined with landscaping, short walls, fences or other means?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
42. Are portions of the property secured with fences and locked gates?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
43. Is all valuable property, such as tools, maintenance equipment, and recreation supplies, near each building put away and secured when not in use rather than left outside and unsecured?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
BUILDING DOORS (REPEAT FOR EACH BUILDING)	Yes	No	N/A
44. Are doors of solid-core construction?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
45. Do entry doors have wide-angle viewers or peepholes?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
46. Do all exterior doors have deadbolt locks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
47. Are exterior door deadbolt screws at least 3 inches long?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
48. Can all doors be securely locked?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
49. Are all exterior doors, door handles, and deadbolts in good condition?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
50. Do all out-swinging doors have hinges with non-removable pins?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
51. Are all keys accounted for?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
52. Are ladders secured and access to the roof locked/blocked?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
53. Does the facility use materials resistant to vandalism?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
BUILDING INTERIOR (REPEAT FOR EACH BUILDING)	Yes	No	N/A
54. Are there alarms?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
55. Are all windows and skylights secured?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
56. Do all rooms and bathrooms have locks on doors?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
57. Is there video surveillance in common areas?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
58. Are all furniture and other things inside the building less than 5 feet tall?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
59. Are exits (or exit signage) clearly visible throughout the building?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
60. Are some lights left on at night?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
FIREARMS AND DANGEROUS EQUIPMENT	Yes	No	N/A
61. Are all dangerous equipment and potential weapons securely locked away?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
62. Are slingshots, archery equipment, and tomahawks securely locked away?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
63. Are firearms stored unloaded in a locked container with trigger locks in place on each firearm?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
64. Is ammunition stored separately from firearms?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
65. Is everyone taught to treat every gun as though it were loaded?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
