WILDERNESS SURVIVAL
1. Do the following:
   
   (a) Explain to your counselor the hazards you are most likely to encounter while participating in wilderness survival activities, and what you should do to anticipate, help prevent, mitigate, or lessen these hazards.
   
   (b) Show that you know first aid for and how to prevent injuries or illnesses that could occur in backcountry settings, including hypothermia, heat reactions, frostbite, dehydration, blisters, insect stings, tick bites, and snakebites.

2. From memory, list the seven priorities for survival in a backcountry or wilderness location. Explain the importance of each one with your counselor.

3. Discuss ways to avoid panic and maintain a high level of morale when lost, and explain why this is important.

4. Describe the steps you would take to survive in the following exposure conditions:
   
   (a) Cold and snowy
   
   (b) Wet
   
   (c) Hot and dry
   
   (d) Windy
   
   (e) At or on the water

5. Put together a personal survival kit and explain how each item in it could be useful.

6. Using three different methods (other than matches), build and light three fires.

7. Do the following:
   
   (a) Show five different ways to attract attention when lost.
(b) Demonstrate how to use a signal mirror.
(c) Describe from memory five ground-to-air signals and tell what they mean.

8. Improvise a natural shelter. For the purpose of this demonstration, use techniques that have little negative impact on the environment. Spend a night in your shelter.

9. Explain how to protect yourself from insects, reptiles, bears, and other animals of the local region.

10. Demonstrate three ways to treat water found in the outdoors to prepare it for drinking.

11. Show that you know the proper clothing to wear while in the outdoors during extremely hot and cold weather and during wet conditions.

12. Explain why it usually is not wise to eat edible wild plants or wildlife in a wilderness survival situation.
Wilderness Survival Resources

**Scouting Literature**
Boy Scout Handbook; Fieldbook; Deck of First Aid; Emergency First Aid pocket guide; Basic Illustrated Wilderness First Aid; Be Prepared First Aid Book; Backpacking, Camping, Canoeing, Emergency Preparedness, First Aid, Lifesaving, Orienteering, Safety, Search and Rescue, Signs, Signals, and Codes, and Weather merit badge pamphlets

Visit the Boy Scouts of America’s official retail website at http://www.scoutstuff.org for a complete listing of all merit badge pamphlets and other helpful Scouting materials and supplies.

**Acknowledgments**

The Boy Scouts of America thanks Patrick “Rick” LaValla, president and co-founder of ERI International Inc., Olympia, Washington, for his assistance with this new edition of the *Wilderness Survival* merit badge pamphlet. ERI International specializes in disaster planning, emergency response, search and rescue, survival, and other such fields.

Thanks also to members of the BSA Health and Safety Committee for their help in reviewing the manuscript. In particular, we thank George Allen, M.D.; David Bell, Ph.D.; William W. Forgey, M.D.; John E. Hendrickson; William Hurst; Charles H. Mitchell; Arthur H. Mittelstaedt Jr., Ed.D.; and Paul Young, R.S., M.P.H.

We appreciate support from the American Red Cross, in particular Ted Crites for his input and expertise. Thanks to the troops of the Chief Seattle (Washington) Council for their assistance with photography. We thank staff members at the council’s Camp Parsons, Brinnon, Washington, for their cooperation, as well.

We are thankful to Thomas R. Welch, M.D., professor and chair, Department of Pediatrics at Upstate Medical University in Syracuse, New York, for providing the information about thumbnail navigation.

The Boy Scouts of America is grateful to the men and women serving on the Merit Badge Maintenance Task Force for the improvements made in updating this pamphlet.
