

## Commissioner Tools – Monthly Status

April 26, 2016

### New Enhancements Implemented

- The ability to download reports at the sub-district and council service areas are now available for those councils having sub-district and service area structures.
- Additional system enhancements were made to increase the runtime process for the following reports:
  - Unit Health
  - Assigned Expired Unit Report
  - Unassigned Expired Unit Report
  - Assigned Unit Report
  - Unassigned Unit Report
  - Commissioner Recruitment
  - District Contact Stats
  - Commissioners Without Contacts
- A date conversion error routine was inserting a bad date in the file causing the Unit Health report to not run for all organizations. This issue is resolved.
- To make reports balance, lapsed units were added to the Assigned Unit Report and Unassigned Unit Report, and lapsed units were removed from the Expired Unit Reports.
- The Assigned Units Report now has the correct order/titles of columns.

### Helpful Information

- If you choose to download the In Progress Contacts report, the Org Type and Unit Name columns are switched. However, they appear correctly if viewed on the screen.
- The Commissioner Contacts report subtotal rows are not labeled to identify district name or sub-district names. If you choose to sort the downloaded file by district or sub-district we suggest deleting the subtotal rows to avoid confusion, or run the Commissioner Contacts Without Subtotals report.

### National Annual Meeting – San Diego, CA

If you plan to attend this year's National Annual Meeting in San Diego, CA, May 23-25, we could use some volunteers to help work the Commissioner Service booth. Please email [Steve.sawyer@scouting.org](mailto:Steve.sawyer@scouting.org) or [commissionertools@scouting.org](mailto:commissionertools@scouting.org) if you can assist.

### Support

For system-related issues including down time, please email the Member Care Contact Center at [myscouting@scouting.org](mailto:myscouting@scouting.org), or call 972-580-2489 and log an incident to ensure proper handling and tracking.

Thank you for your continued service and support.
