This is a view of a district dashboard. It will appear after entering Commissioner Tools and selecting Organization Dashboard. This will be a common process whether using the web or mobile versions. At the top you will see a list of key district leaders. Notice their names are all in blue. The names are hyperlinks that provide contact information for each person. The top right section shows the number of units in the district and how many have a commissioner assigned. The Commissioner section shows how many commissioners are registered in the district and how many are assigned to a unit.

|                      |         |                       |                     |    |                       |    |

This section displays a summary of the unit metrics across the district and how many units have met each threshold. It can be viewed for the current state, or by toggling the 3 month and 1-year trends for identifying how that data has changed over time. Below that is a breakdown of each program by the level of completed metrics.

To understand what each of the metrics are and what the thresholds are, click on the blue icon by the Unit Metrics title. To understand the significance of how the metrics

can be used for helping units, click on the blue icon by the Overall District Summary title. In each case, a pop-up message will appear.

When clicking on the Show Details at the bottom of this slide, more information is available

| 77.46% 🕒 Not Trai | ined 560 77.5% | Total 0 26 - 60 Days      | to Expire 13 1.7% |
|                   |                | 61 - 90 Days              | to Expire 15 2.0% |
|                   |                | Current                   | 362 47.49         |

This section highlights how many total adults are registered followed by training information. At a glance, the district staff can note if units needs leaders to complete necessary training, particularly YPT. There is a quick synopsis of those members who have expired or soon to be expiring Youth Protection Training to aid in follow-up. To view those details of what leaders are missing training, click on the Download Report. These two reports can be printed for use during an upcoming unit leader visit for helpful discussion.

## Moving down the dashboard is the Roundtable information

At the top of this section is attendance over the past three months. If details are needed for that, click on the **Download Report**.

Knowing if units are participating in roundtable is important. If leaders are not attending roundtable, this would be an excellent conversation to have with the units who are not attending. By having at least one person attend a RT meeting each month, useful information can be brought back to the unit to help strengthen the unit's program for their youth.

You'll also note in this section when the **Next RT** meeting is, where it's held, a single click to view a map of the location, a virtual meeting link if the district uses that option, and even who the RT commissioner is, which you can contact simply by clicking on their name for any necessary information.

Towards the bottom of the dashboard is the Membership, Unit Pin, and Unit Renewal Status of units in the district.
