

Diving into Adventure! Ceremony

NARRATOR: Tonight, we recognize those Cub Scouts who dove into a new adventure! Just like brave swimmers jumping into a pool of cool, clear water, our Cub Scouts began this journey with courage and hard work. Every splash, every stroke, and every smile has brought them closer to their goals. Each Cub Scout who earned this adventure has learned new skills, helped others, and grown stronger. Now, let's celebrate how far each one has come on their Cub Scout swimming adventure!

Before you can learn to swim, you have to be willing to venture out into the water. Our Lions have begun to test the waters of Cub Scouting and are just starting their swim! They've stepped into the shallow end, learning to kick their feet and move with confidence. Lions are discovering how to be part of a team, to help others, and to be brave when trying something new. Every splash they make helps them grow stronger and more confident. Lions, keep making big splashes and enjoy every moment in the water! Will the following Cub Scouts and their families please come forward? *(Read the names and have the Lions and their adult partners and families come forward.)* Families, please present these adventure loops to your Cub Scouts. *(Families present the adventure loop to their Lions.)*

As beginning swimmers, we learn to put our faces in the water and get used to it so we can be comfortable and safe. Our Tigers have waded out a little deeper into the waters of Cub Scouting! They are learning and exploring with their Adult Partners. Like swimmers learning to float, Tigers are discovering balance and trust. They've learned that you can go farther when you help one another. Tigers, keep making waves and exploring every splash along the way! Will the following Cub Scouts and their families please come forward? *(Read the names and have the Tigers and their adult partners and families come forward.)* Families, please present these adventure loops to your Cub Scouts. *(Families present the adventure loop to their Tigers.)*

Our Wolves are swimming strong now, gaining confidence in the water! They've practiced their strokes and learned to move with power and purpose. They've also learned about fitness, safety, and caring for others. Wolves are showing the Pack how to dive into challenges and never give up. Keep swimming boldly, Wolves, and make each splash count! Will the following Cub Scouts and their families please come forward? *(Read the names and have the Wolves and their families come forward.)* Families, please present these adventure loops to your Cub Scouts. *(Families present the adventure loop to their Wolves.)*

The next step in swimming is learning to kick and propel ourselves through the water. Our Bears are becoming confident swimmers, venturing farther from shore! Like a swimmer steadily crossing a wide lake, Bears have shown focus, determination, and heart. Keep swimming strong, Bears, and let every wave you make inspire others! Will the following Cub Scouts and their families please come forward? *(Read the names and have the Bears and their families come forward.)* Families, please present these adventure loops to your Cub Scouts. *(Families present the adventure loop to their Bears.)*

After learning how to kick, the next step is learning swimming strokes. Coordinating kicks, breathing, and arm strokes can be challenging—but our Webelos have learned, practiced, and persevered. They've learned to work together, navigate challenges with courage, and be calm and steady, even when the waves get rough. Webelos, keep gliding through your adventures and making smooth, strong strokes! Will the following Cub Scouts and their families please come forward? *(Read the names and have the*

Webelos and their families come forward.) Families, please present these adventure pins to your Cub Scouts. (Families present the adventure pin to their Webelos.)

Our Arrow of Light Scouts are ready to explore new waters. You've crossed the deep end of the Cub Scout pool and are preparing to dive into Scouts BSA. You've learned to lead, to guide, and to keep your eyes on the far shore. The light of your achievements shines like sunlight on the water. Arrow of Light Scouts—keep diving into new adventures and making waves as you go! Will the following Cub Scouts and their families please come forward? *(Read the names and have the Arrow of Light Scouts and their families come forward.) Families, please present these adventure pins to your Cub Scouts. (Families present the adventure pin to their Arrow of Light Scouts.)*

Scouts, each of you has made a splash this year. Together, you've learned, grown, and helped your Pack shine. The Cub Scout Trail is like a great swimming adventure—sometimes easy, sometimes tough, but always worth it. Keep your eyes forward, your hearts strong, and your strokes steady. Wherever you go, remember—you are part of this Pack, and your spirit helps us all keep swimming together. Each Scout begins in the shallow water, learning and growing with every stroke. Tonight, we celebrate every Scout who has dared to dive in, to learn, and to keep swimming toward their goals with courage and pride.
