

1-MILE PROJECTION TABLE

Record the time you walked in $\frac{1}{4}$ of a mile in the column labeled "My Time." Use that time to calculate how long it would take you to walk until you reach two miles.

FRACTION OF A MILE	MY TIME
$\frac{1}{4}$	
$\frac{2}{4}$ or $\frac{1}{2}$	
$\frac{3}{4}$	
$\frac{4}{4}$ or 1 mile	
2 miles
