GET THE SKILLS TO LEAD AMERICA'S YOUTH

BECOME A TRAINED LEADER

Common sense tells us training is important, and research shows the importance of trained leaders. A trained leader is knowledgeable and more confident in the role being performed. Trained leaders exhibit a knowledge and confidence that is picked up by the people around them. Trained leaders impact the quality of programs, leader tenure, youth tenure, safety, and a whole lot more. A trained leader is better prepared to make the Scouting program—serving our youth—all that it can be!

New to the BSA Learn Center? [Click here](#) to view a short video on how it works.

The learning content for Cub Scouting, Venturing, Sea Scouts and Commissioner are updated to support new program changes. Training for these programs are available in the BSA Learn Center. When selecting a leader position-specific training on my.Scouting Tools, you will be redirected to the training site. The following videos are available with instructions on how to use the BSA Learn Center.

The screenshot shows the 'my.Scouting' interface. At the top, it says 'My Dashboard' and 'Welcome Matthew'. The main section is 'My Profile', which is divided into three columns: Profile Information, Extended Profile Information, and Address Information. The Profile Information column shows fields for Member ID (9335775), Name (Matthew), Date Of Birth (08/...), Gender, and Title. The Extended Profile Information column shows Ethnicity (Caucasian/White). The Address Information column shows Home (405 Ridge...). A modal window titled 'Phone Information' is open, showing fields for Type (Mobile), Country, Phone ((972) ...), and Extension. There is a 'Set as Primary' toggle set to 'Yes' and buttons for 'Cancel', 'Delete', and 'Save'. A 'Help Manual' link is visible in the bottom right corner of the interface.

To update current information displayed in your profile, click in the field with the forward arrow at the end. In this example, the mobile phone field was selected under the Phone Information section. A window appears where you may update the information, and set as primary. Once changes have been made, select Save.

NOTE: You will initially be required to select the Country when viewing/updating phone information before saving.
