Jamboree On The Air – JOTA 2011

We had another successful JOTA event on October 15, 2011 and a strong amateur showing. This year we were invited to participate with the Milton District of the Atlanta Area Council at the annual Scout Expo. Several hundred scouts were in attendance.

We had some tough venues competing for our time; like, zip lines, air rockets, climbing bridges, BB shooting range, etc. We did manage to get scouts on the air and had many fine contacts into Iceland, Indonesia, Europe, Canada and several US states.

We ran 4 unique stations as NF4GA and covered a good portion on the HF spectrum plus VHF. The stations were:

- 40M/15M on a AA2HT Vertical Shield Loop @ 70'
- 20M on a G5RV @ 35'
- 10M on a Mobile Mount Antenna
- 2M on a Mag Mount + digital + echolink + misc

The following operators donated their time, knowledge, equipment and resources and contributed water, gas, coffee and donuts - and - had some fun:

Roger Anders	AA2HT	Steve Cseh	KC6KNL
Chuck Catledge	AE4CW	Mike Lozano	KF4UPO
Clyde McCain	AK4TL	Chris Balch	KJ4NAX
Jason Dutremble	K1OGR	Brian Mallard	N2EYI
Jon Wittlin	K4WIT	Roger Shaddick	N7BU
Steve Knittle	KC4YBO	Brian McCarty	NX9O
		Wes Lamboley	W3WL

Our next scouting event is tentatively in February in Johns Creek, GA. We will do the Radio Merit Badge and the Electronics Merit Badge at a merit badge clinic.
