Dear Friends:

The Boy Scouts of America have been actively engaged for decades as a member of National Assembly and its National Collaboration for Youth, and I am proud to encourage involvement in their programs. Scouting provides our nation with:

- positive youth development activities to strengthen America's young;
- resources important to children, youth and families;
- opportunities for community involvement and outreach;
- positive alternatives for youth; and
- ways to develop youth and adult leadership.

The BSA principles of duty to God and country, service to others, and respect for self are certainly compatible with values and practice of all National Assembly and National Collaboration for Youth member organizations. I am proud to renew our endorsement of Scouting and look forward to partnering with them in the years ahead.

Sincerely,

Gordon A. Raley  
Executive Director
