

Approved Training Program Evaluators

This document contains a list of Training Program Evaluators who have been approved by the BSA National COPE and Climbing Task Force to evaluate Level II COPE and/or Climbing training programs at the local level. These individuals can only be assigned to do a training program evaluation for a particular program by the COPE and Climbing Region Chair. Councils or multi-council collaborations shall contact the COPE and Climbing Chair for their respective region to request a training program evaluation at least 60 days prior to the planned training event. Under no circumstances are local programs to arrange training program evaluations on their own.
